Mary Ann:

I am acknowledging Ecology's receipt of your letter dated March 19, 2019, related to the Monroe School District. Ecology is reviewing the information you provided in collaboration with Washington State Department of Health officials and will coordinate any response with local, federal, and state regulatory agencies.

If you have any questions, feel free to contact Marissa Smith, Senior Regulatory Toxicologist, at marissa.smith@ecy.wa.gov or 360-407-7398.

Maia D. Bellon, Director
Department of Ecology

Subject: Dioxin Levels at School with Past PCB Contamination (Data Attached)

Please find attached a cover letter and toxicology letter with data enclosed
regarding dioxin levels at the Sky Valley Education Center in Monroe,
Washington. These results suggest a potential health and safety hazard for the
Sky Valley school, as well as other schools that have had PCB contamination. The
enclosed information relates to these issues.
